It is very accurate and secure with excellent sound, balance and blend; excellent intonation; very good attention to articulation, dynamics, tempo; and an excellent approach to style and interpretation. All entries receiving a mark of 85% or higher will receive a gold seal. The adjudicator's comment sheet will include the actual mark awarded.

**SILVER AWARD:** (80-84%) – Very Good - This standard represents a very high level of performance. There may be some minor issues with notes and rhythms but the ensemble has achieved a very good band/choir sound and much success with balance, blend and intonation. There may be attention given to dynamics, tempo, articulation and style but certainly with room for improvement. All entries receiving a mark between 80 and 84% will receive a silver seal. The adjudicator's comment sheet will include the actual mark awarded.

**RED AWARD:** (Below 80%) – Satisfactory – This standard represents an average performance where there may be significant issues with notes and rhythms; and weaknesses with other facets are more pronounced. There may be more attention needed to dynamics,

style or expression. All entries receiving a mark below 80% will receive a bronze seal. The adjudicator's comment sheet will include the actual mark awarded.

\*Marks will be announced after adjudication is completed, and will be noted on the adjudication sheet which each band receives.
